David design launch 12 new products from world leading designers at Stockholm Furniture Fair 2016

Even though David design participate in several of the world's leading furniture fairs, most of our new products are launched at Stockholm Furniture Fair. This year the impressive number of 12 new products will be presented. You are welcome to visit David design, exhibition booth B01:13 one of the most creative company in terms of furniture, lighting and accessories.

Marfa Mezzanine, Design Claesson Koivisto Rune

Perfectly balanced details giving the maximum harmonic proportions which are characteristics for Claesson Koivisto Rune. Their cooperation with David design has over the years resulted in many classics, now it is time for the next: Marfa Mezzanine. The sofa table, which was originally designed for an exhibition house in Marfa Texas, could also be seen at the most important New York design fair ICFF. Now, presented in Stockholm. A limited edition of 20 pcs with plates made of concrete will be produced, where the first one is placed in Marfa. The serial production have plates made of solid wood.

Giro, Design Mattias Stenberg

Around the world there is a trend towards of more cycling. And beautiful bicycles are sometimes more expensive than a car and can not be left in the street. We think your bike need a more worthy place, and from now on you can consider it as a work of art by using Mattias Stenberg's both smart and beautiful wall mounted bicycle bracket from David design.

David design

Hill, Design Lars Hofsjö

Stockholm-based designer Lars Hofsjö has the ability to combine dimensions and materials in a most delightful way to achieve simplicity and style. The new table lamp Hill is an example of this, combined with two different sizes of framework made of stained wood, classical light source and a twisted textile cable.

Hammock Lounge, Design Axel Bjurström

The Hammock chair turned out to be a big David design success. Last year Axel Bjurströms chair was named as “The chair of the year” and nowadays it is a common chair in many hotels and restaurants around the world. Next product in this series is an easy chair. Hammock Lounge is a combination of compact size, comfort and class. Like the Hammock chair, Hammock Lounge is innovative with vegetable tanned leather fastened in a characteristic metal frame.

Coni, Design Lars Hofsjö

Lars Hofsjö has designed a collection of large conference tables as well as small lounge-sofa- and bar tables where the table tops may be chosen from a wide range of materials. The flexibility is unique and Coni has been delivered in hundreds of copies to Friends Arena in Solna/Stockholm.

David design

Mesh, Design Lars Hofsjö

Lars Hofsjö was commissioned to design a simple yet elegant chair suitable for both indoor and outdoor use. Mesh is stackable and may have upholstered seat and backrest for indoor use. The Mesh backrest is an interesting detail with its great shadows behind.

O'clock, Design Louise Hederström

How much information do you need, to read analogue time? Louise Hederström got that question when David design asked her to design a wall clock for Stockholm Furniture Fair 2016. O'clock is a nice piece graphics and use the wall as a part of the construction. This is the start of a new cooperation between Louise Hederström and David design.

Papyro, Design Cate & Nelson

Simple and easy to place and suitable in home, office and hotel environment is this easy-chair. Designed by the London-based duo Cate & Nelson. Papyro may be in fabric or leather upholstered. The frame is lacquered steel.

David design

Pluvial Lamps, Design Federico Churba

A third cooperation between the Argentinean designer Federico Churba and David design has resulted in a further development of the Pluvial tables collection i.e. Pluvial Lamps. A collection of pendants and table lamps made of moulded lacquered aluminium. Delightful in shapes, equipped with LED light sources.

Soul, Design Richard Larsson and Henrik Olsson

The production of the TV-stand Jazz has been a great success. And the new TV-stand Soul offers even bigger screens the flexibility of using a mobile TV-stand, where wall mounting is not an alternative. It is adjustable with TV position in three heights.

Zander, Design Claesson Koivisto Rune

Combining natural ash and heat-treated ash gives new exciting effects. Zander is the first product using this design and can be used either as bedside table or sofa table.

David design

Signature, Design Richard Hutten

The world's first piece of furniture produced in click technique. Imagine a piece of furniture as easy to mount as a click technique floor. Using this technique in furniture production gives a lot of benefits i.e. furniture delivered unassembled and easy to mount without using any tools. Furthermore it is easy to demount for rearranging the pieces or add new pieces. A sustainable product quite right considering environment as well as users.

David design are showing the new products both at Stockholm Furniture Fair and in our showroom at Rosenlundsgatan 38F.
