Floor lamp Vader, as much sculpture as an exciting lamp with its trailing light. Made of ceramics with their special appearance make me happy. Adorns its place in the office, public environment and home.

Proudly produced in Sweden!

Golv armaturen Vader, lika mycket skulptur som en spännande armatur med sitt släpande ljus. Tillverkad av keramik med sitt speciella utseende man blir glad av. Pryder sin plats på kontoret, offentliga miljön och hemmet. Stolt producerat i Sverige!
